

4-H Family builds strong families and strong communities.

4-H Family is an informal, researched-based educational program that combines experiential learning for youth and adults within the family context. 4-H Family offers the following two programs designed especially for families:

4-H Family Teening-Up

A two-day workshop for parents/caregivers and youth ages 11-17 that will provide practical information and resources with fun hands-on learning activities that can enhance the family relationship on the following topics: The Teen Brain, Transitions in Adolescence, Positive Discipline, Talking with Teens about issues that affect their daily lives, Understanding Teen Anger and Managing Yours and Empowering Teens to Build Assets. Families will receive a Family Resource Binder complete with all information presented during the two-day workshop.
